## WHO IS IT?

Who's running the town down?  
Who's robbing the town of the good name it has cherished so long—its people are the most unsophisticated and the most moral of any town its size on the globe? Who's helping to make life miserable? Who's becoming "a regular rounder?" Who's defaming our social life? Who's lowering the social standard of our town? Who's taking privileges that rightly belongs to them, but in doing so, their actions reflect upon the good name of our town? (Good name in man or woman Is the immediate jewel of their souls.

Who steals the peoples money or purse steals trash; it is something, nothing;

It was ours, it is yours, and has been slave to thousands; But he that filches from the town people their good name Robs them of that which not enriches him

And makes us poor indeed.)

The government will install a small flour mill at Black Rock in this county for the benefit of the Zuni Indians who are raising quite a little grain this year. The corn and wheat will be ground for the Indians at a nominal charge. The Zunis have good crops this year of beans and potatoes and some wheat and corn. The wheat did not yield a full crop as the season was too dry. —Gallup Herald.
